Letter of reference for International Drilling Services

To whom I may concern

This will serve as a letter of reference for International Drilling Services (IDS) and the main contact Richard Rose, President. We have dealt with IDS for a few years and have enjoyed a good working relationship. The company provided RC and DD services to the company. We found the services provided to be of good quality and from an administration perspective invoices and related documentation were prepared and submitted in a timely and orderly manner.

If you wish to discuss this matter please contact the undersigned at your convenience.
